SUBJECT: COVID-19 Information for County of Sacramento Providers

The County of Sacramento, Department of General Services, Contract and Purchasing Services Division (CAPSD) continues to adapt to the COVID-19 pandemic and its impact on operations. As such, we are providing you notice regarding new requirements for all County vendors, contractors, and consultants (collectively "Providers"). The general directives and information here are subject to additional and specific contractual requirements set forth in each solicitation and/or contract, and is further subject to funding source limitations as well as state and federal requirements.

All County of Sacramento Providers must comply with all current and future health orders issued by the State of California, California Department of Public Health (CDPH), and the County of Sacramento. As a resource, Providers may refer to the following link for information on current requirements:

https://www.saccounty.net/COVID-19/Pages/PublicHealthOrder_FAQs_Docs.aspx

Providers and their representatives shall adhere to all health orders and requirements in effect while on-site at County facilities. Providers that do not comply with these regulations and requirements, inclusive of mask mandates and or social distancing, may be denied access to County facilities. Furthermore, the County will not extend Time of Completion for projects, and will not waive assessment of liquidated damages resulting from non-compliance.

We appreciate your continued cooperation and patience, and thank you for your collective efforts in meeting the service needs of County residents during this unprecedented time.

A handwritten signature in blue ink, appearing to read "Craig Rader".

Craig Rader, NIGP-CPP, CPPO, CPPB
