PUBLIC NOTICE OF INTENTION:
COUNTY OF SACRAMENTO
INTENT TO ENTER INTO A PILOT ENERGY SAVINGS PERFORMANCE CONTRACT WITH WILLDAN ENERGY SOLUTIONS TO IMPLEMENT ENERGY EFFICIENCY AND ELECTRIFICATION MEASURES AT THE COUNTY BUILDING LOCATED AT 799 G STREET IN THE CITY OF SACRAMENTO

Pursuant to California Government Code § 4217.12, the County of Sacramento (County) is announcing its intention to enter into a Pilot Energy Savings Performance Contract (ESPC) with WILLDAN Energy Solutions.

The ESPC will implement energy efficiency and electrification measures at the County-owned building located at 799 G Street to provide long-term energy cost savings and greenhouse gas emission reductions.

The project measures will enhance the mechanical efficiency of the buildings' heating, ventilation, and air conditioning systems; replace obsolete lighting systems; and convert the hot water gas boiler to an electrical heat pump.

The County Board of Supervisors will conduct a public hearing concerning the ESPC at the following time and place:

Hearing Date: 8th day of December 2026
Hearing Time: 10:00am
Hearing Location: In the Chambers of the Board of Supervisors, Suite 1450 of the County Administration Building, 700 "H" Street, Sacramento, CA 95814.

At the public hearing, the County Board of Supervisors will hear and consider all public comments and objections concerning the proposed ESPC. Any interested person may appear and be heard. Members of the public may send a written comment which is distributed to Board members and filed in the record. Contact information is optional and should include the meeting date and agenda/off agenda item number to be sent as follows:

Email a comment to BoardClerk@saccounty.gov

Mail a comment to 700 H Street, Suite 2450, Sacramento, CA 95814

The County Board of Supervisors may, after the public hearing, approve the proposed ESPC if it determines that the anticipated cost to the County of the energy conservation facility or related measures will be less than the anticipated marginal cost to the County of electrical, thermal, or other energy that would otherwise be consumed in the absence of the facility or measures.

For questions, contact County of Sacramento Sustainability Manager at (916) 875-9493.
